### Increasing the accessibility of public transport

**Scope:** Understanding that the railway is a lifeline for many seeking medical care, KIMSHEALTH Care has generously donated wheelchairs and stretchers to the two major railway stations of Thiruvananthapuram District Central and Kochuveli.

**Geographical Location:** Central&Kochuveli Railway Stations -Southern Railways Thiruvananthapuram

**Beneficiary:** Thiruvananthapuram is a sought out destination for affordable health care. Many bed ridden patients coming predominantly to the Regional Cancer Centre, Sreechithra Institute & Medical College find comfort in the trolley beds and wheel chairs.

**Impact:** The provision of wheelchairs and stretchers at these key transit points is a tangible expression of inclusivity.

The impact is immediate and palpable, as individuals facing health challenges find solace in knowing that their journey is not a solitary one, but rather a collective effort supported by KIMSHEALTH.

Jerin Anand IRTS- Senior divisional commercial manager

“ In every wheelchair and stretcher, there lies a story of empathy, resilience, and shared humanity.”

### Upgrading PHC (Primary Health Centres)

**Scope:** In response to the earnest request from Dr. Sunitha, the dedicated Medical Officer at Kadakkampally Primary Health Centre, KIMSHEALTH stepped in to donate crucial medical equipments including ECG machines, Digital Blood Pressure Apparatus, and Weighing Machines for both adults and babies.

**Geographical Location:** Kadakkampally Anaraya Thiruvananthapuram

**Beneficiary:** Under Previlaged and other communities living at kadakkampally. This community relies on the PHC as a vital resource for their medical care needs.

**Impact:** This contribution addresses the immediate need for diagnostic tools, enhancing the clinic's capabilities to provide comprehensive care.

The event was inaugurated by ex minister for tourism & present MLA Kazhakootam Shri. Kadakampally Surendran.

Kazhakoottam MLA Shri. Kadakampally Surendran inaugurated the programme.

### Support to Ni-kshay Mitra- the National TB Elimination Programme

**Scope:** Provide Nutritional support to the TB affected patients of Thiruvananthapuram who have registered for support through the Ni-kshay Mitra portal.

**Geographical Location:** Thiruvananthapuram

**Beneficiary:** Focused on individuals who have registered for assistance through the Nikshay Mitra portal, KHCSR aims to provide sustained help to 150 TB-affected patients from Thiruvananthapuram registered at Ni-kshay & requesting food support through DTO (District TB officer)

**Impact:** The carefully curated nutritional kits provided by KHCSR contain high-calorific supplements, designed to complement medical treatment and facilitate a holistic recovery process. Adequate nutrition 1st step towards TB Erradication.

Meeting with D. Dharma Rao National Consultant PMTBMA Central TB Division Ministry of Health & Family Welfare, New Delhi

Trivandrum district collector Geromic George IAS Inaugurated the programme

Trivandrum district TB Officer Smt. Valsala

### Supporting the differently abled

- i. Centre for autism and other disabilities rehabilitation research and education (CADRRE)
- ii. All Kerala association for Mentally retarded (AKAMR)
- iii. Hearing aid for young 11<sup>th</sup> grade student who lost his hearing aid

**Scope:** Through the novel work done by Cadrre and AKMR, KIMSHEALTH Strives to bring about parity in the lives of differently abled. When a young boy a student of grade 11 lost his hearing aid and send out a request for help, the Mayor of Thiruvananthapuram approached us knowing our willingness to support the cause of youngsters.

**Geographical Location:** Thiruvananthapuram

**Beneficiary:** Children with Autism Spectrum Disorder (ASD) attending CADRRE Autism School.  
Intellectually challenged individuals in the community.

**Impact:** Enhancing inclusive education for children with ASD

Promoting education and comprehensive care for intellectually challenged individuals.

Individuals who face barriers to their education and communication due to hearing impairment.

The intervention by KIMSHEALTH is directed towards individuals like Roshan who face barriers to their education and communication due to hearing impairment.

Hearing aid handed over by Hon. Thiruvananthapuram Corporation Mayor Smt. Arya Rajendran

## Aarogyam

### Inclusive health for all

- i. Padma Charitable Trust – Knee Replacement surgeries
- ii. Thanal – Run by Daya Rehabilitation Trust

**Scope:** Through Padma and Daya Rehabilitation Trust KIMSHEALTH Has reached out to people requiring dialysis and near replacement surgeries to very common ailments which financially and emotionally drain samples

**Geographical Location:** Thiruvananthapuram & Kottayam

**Beneficiary:** Financially underprivileged individuals in the community of Thiruvananthapuram.

**Impact:** Addressing the medical needs of the economically vulnerable community and ensuring access to essential healthcare services.

Addressing the healthcare needs of economically disadvantaged individuals.

## Aarogyam

### Say No To Drugs

**Scope:** The State of Kerala is under a grave scenario where substance abuse is on the rise amongst school children between the age group of 10 to 15 years, as per Kerala Excise Department records, The school children at such a young age are unaware of the permanent physical damages that substance abuse can cause. Their one-time use can lead to long term dependency leading to academic and behavioural deterioration. The ignorance of legal complications amongst children makes them the soft targets of narcotic vendors. Hence a participative awareness and learning programme "Say No TO Drugs" combining the psychological, medical and legal aspects of carrying or using drugs among the age groups of 8 to 15 years.

**Geographical Location:** Schools in Thiruvananthapuram district selected by excise department

**Beneficiary:** 8 to 15 years old students of 10 selected schools in thiruvananthapuram district.

**Impact:** By fostering awareness about the dangers of substance abuse and providing tools to navigate real-life pressures, the initiative aims to prevent long-term dependency, safeguard academic and behavioural well-being, and ultimately contribute to a healthier and more informed generation, resilient against the pitfalls of drug abuse.

Schools selected are in the vicinity of reported drug abuse. The impact will be long term as the awareness should be reduce the usage of drugs among students

### FACT – Fight Against Cancer Together

**Scope:** The scope of the “Fight Against Cancer Together” campaign by KIMSHEALTH CSR involves a comprehensive approach to cancer awareness and early detection among Trivandrum-based school students. The project educates and engages students from 15 schools, emphasizing the importance of early detection, risk factors, and preventive measures associated with cancer. The campaign encourages active participation, fostering a community-wide understanding of the critical role individuals play in early intervention and cancer prevention. This initiative aims to empower students and the community at large to proactively address and combat the challenges posed by cancer.

**Geographical Location:** Schools in Thiruvananthapuram district.

**Beneficiary:** Trivandrum-based school students.

**Impact:** The “Fight Against Cancer Together” campaign by KIMSHEALTH CSR has a profound impact on cancer awareness, as it engages Trivandrum-based school students in a comprehensive educational initiative. Involving 15 schools, the project not only empowers students with knowledge about cancer risks, symptoms, and preventive measures but also encourages a proactive approach towards early detection, potentially saving lives. The recognition and prizes awarded motivate schools to actively participate, fostering a collective effort to combat the impact of cancer within the community.(mention the prizes & winning schools)

### Renovation of Valayimapura Munnar

**Scope:** Muthuvan is a tribal community in Kerala. The women among the that community will not stay at their home(kudi) during their menstruation time as part of their rituals. Valayimapura is the small building constructed by the government at the tribal ooru for the women to stay during their menstruation days. The present condition of that Valayimapura is in a dilapidated state. As per the request received from the Viripara company kudi, KHCSR team visited the place and decided to renovate the same. The work of the same has been completed and Ms Reshmi Aysha - CEO KIMSHEALTH officially inaugurated the same on 13-05-2023. As per the request received from the Mankulam divisional forest officer KHCSR is renovated 2 valayimapura's & 1 sathramat Singukudi- Mankulam Munnar and Ms Reshmi Aysha - CEO KIMSHEALTH officially inaugurated the same on 02-03-2023.

**Geographical Location:** Tribal villages/Kudis Munnar – Kerala

**Beneficiary:** The targeted population for the renovation of Valayimapura buildings, as undertaken by KHCSR is the Muthuvan tribal community in Kerala. Specifically, the focus is on the women of the Muthuvan community who observe rituals during their menstruation period.

**Impact:** The renovation of Valayimapuras for the Muthuvan tribal community in Kerala not only preserves their cultural practices but also ensures improved menstrual hygiene infrastructure, positively impacting the well-being and dignity of women.

### Rabies Prevention Program

**Scope:** The project focuses on sterilizing & vaccinating stray dogs in collaboration with Street Dogs Watch Association, a registered NGO. The primary objective of the project is to prevent and eradicate the threat of rabies within the community. Through this initiative, the emphasis was placed on controlling the stray dog population while simultaneously ensuring their health and well-being.

**Geographical Location:** Thiruvananthapuram

**Beneficiary:** The project specifically focuses on addressing public health concerns related to rabies transmission from stray dogs within the community residing in different areas of Thiruvananthapuram, Kerala

**Impact:** This collaborative effort between the KHCSR and the NGO underscored a commitment to both animal welfare and public health, by Rabies vaccinating and sterilizing more than 250 stray dogs in the community thus aligning with the broader objectives of community well-being and disease prevention. It is an ongoing project in different areas of Thiruvananthapuram.

### RYISE NEO 2023

**Scope of the Project:** The RyISE (Research in Young Indian Scientists in Neonatology) project aims to foster and showcase unpublished research in neonatology and allied fields by young scientists in India. It includes the creation of an E-database listing all relevant research titles, providing networking opportunities, and encouraging continued improvement. The Learning Together Series (LTS) under KHCSR further supports this initiative by offering selected young scientists a platform to present their research, receive critical appraisal, and enhance their projects. The scope involves nurturing and promoting impactful research, bridging gaps in knowledge dissemination, and supporting the development of young scientists in neonatal health.

**Geographical Location:** All States in India

**Beneficiary:** Young Indian scientists and researchers engaged in investigating questions in neonatal health and allied fields. This encompasses individuals from various backgrounds, such as clinicians, scientists, and allied health professionals, who are actively involved in research related to newborn health

**Impact:** The RyISE initiative, supported by KHCSR, fosters a collaborative platform for young Indian scientists in neonatology, ensuring the recognition and improvement of valuable but unpublished research. Through the "Learning Together Series," KHCSR's impactful support enabled young scientists to share and enhance their research, promoting knowledge exchange, and providing financial assistance for their academic endeavours.

### Multi Speciality Medical Camps

**Scope:** Providing crucial healthcare services and fostering community well-being across the state.

**Geographical Location:** Kerala State

**Beneficiary:** Benefiting diverse communities and reaching a targeted population spanning urban and rural areas, providing essential healthcare services to those in need.

**Impact:** 550 Multi speciality medical camps across Kerala have significantly improved healthcare accessibility, providing vital services to diverse communities and contributing to enhanced well-being throughout the state.

### **Companies Act 2013- Schedule VII**

ii) Livelihood enhancement projects

### **SDG Goals**

» Goal 3- Ensure healthy lives and promote well-being for all at all age

### Livelihood Support

- i. Employment for the disabled
- ii. Umbrella Distribution to the vettucaud fisheries community
- iii. 'Meenkoodu' fish vending kiosks (Ongoing project)
- iv. Basic farming tools for Edamalakudi Adivasis (Also covered under Madhu initiatives)

**Scope:** Provide employment opportunities and support for livelihood through distribution of necessary tools and gadgets  
KIMSHEALTH LIMB CENTRE, under Kims Trust, has provided artificial limbs, prosthetics, orthotics, and diabetic foot care, positively impacting over 2000 beneficiaries, empowering them for fuller participation in society.

**Geographical Location:** Thiruvananthapuram, Idukki and other districts in Kerala & Tamilnadu.

**Beneficiary:** Differently abled people in the community

Fisherwomen of Vettucaud

Adivasi Community of Edamalakudy

**Impact:** The project provides basic support like shade from sun for fisher women, tools like picaxe, manvatty, mullu etc. for tribal farmers, fish vending kiosks etc. which gives dignity along with substance.

By providing free artificial prosthesis & orthotics devices to the needy beneficiaries in Kerala and Tamilnadu KIMSHEALTH Supports the differently abled people in the community by promoting both economic inclusion and physical well-being for the specially-abled community.

Umbrella handed over by Hon. Thiruvananthapuram Corporation Mayor Smt. Arya Rajendran

### Educational Support at Perumathura

**Scope:** Electronic Tablets, smart phones etc were donated to more than 150 underprivileged students of Government and aided schools at Perumathura and nearby coastal areas for accessing online education during covid pandemic.

From 2019 onwards Online & offline classes are being conducted at Perumathura for 8th 9th& 10th standard students with an aim to increase the pass ratio and educational standards of the students in the village.

We also sponsored certificates, cash awards, mementos etc for meritorious students as a means of encouraging educational achievements.

**Geographical Location:** Perumathura Thiruvananthapuram

**Beneficiary:** Students from coastal villaged of Perutmathura. The focus is on students who faced difficulties accessing online education due to the lack of electronic devices.

**Impact:** KIMSHEALTH's support during the Covid-19 pandemic has significantly bridged the digital divide for over 150 underprivileged students in Perumathura, enabling their access to online education through donated electronic devices. The sustained efforts since 2019, providing both online and offline classes for 8th to 10th standard students, aim to uplift educational standards in Perumathura, fostering increased pass ratios and academic excellence among the village youth.

### Infrastructural Support to Cotton Hill girls Higher Secondary School

**Scope:** Government Higher Secondary School for Girls,Cotton Hill is located in Vazhuthacaud in the city of Thiruvananthapuram.

For the gatherings in the school assembly the students are forced to sit on cemented floors due to lack of chairs in the school auditorium. As requested by the school authorities, KIMSHEALTH could deliver 500 chairs to the school auditorium.

**Geographical Location:** Government Higher Secondary School for Girls,Cotton HillThiruvananthapuram

**Beneficiary:** Government Higher Secondary School for Girls, Cotton Hill, Thiruvananthapuram

**Impact:** This initiative aims to enhance the overall infrastructure and well-being of the students.

Shri. V. Sivankutty, Minister for general education & Labour

## Educational Support to the Trivandrum Network of People Living with HIV

**Scope:** Aids is still stigma and it is important that children affected with aids are treated as equals and get similar privileges as any other child in the State. Through the support of Kerala State Aids Control Society KIMSHEALTH could deliver educational accessories to 50 such students.

**Geographical Location:** Thiruvananthapuram

**Beneficiary:** HIV/AIDS affected families

**Impact:** The support is directed towards ensuring that students receive equal privileges and opportunities in their education, fostering an environment where they are treated on par with any other child in the state.

Programme Held at Kerala state aids control society

### Support to Govt. High School Anappara Vithura (Tribal area of Thiruvananthapuram)

**Scope:** The school approached KIMSHEALTH for the support in nutritional requirements of the students providing breakfast, through the project Snehapoorvam, KIMSHEALTH supported the school until the end of academic year 2023 with adequate nutritional support.

**Beneficiary:** This initiative not only addressed immediate nutritional needs but also contributed to the overall health and academic performance of the students.

**Geographical Location:** Anappara Vithura Thiruvananthapuram

**Targeted Population:** Students of Govt. High School Anappara

**Impact:** This initiative not only addressed immediate nutritional needs and contributed to the overall health of the students.

**Scope:** The project concentrates on government run schools and aims to improve the output of students from these institutions, enabling them to find better career prospects and evolving them to become well molded individuals ready to face the challenges of the world.

**Geographical Location:** Identified certain schools in the Tribal, Coastal, Rural and Urban areas where the students lack the primary educational facilities.

**Beneficiary:** Students attending government-run schools in Tribal, Coastal, Rural, and Urban areas.

**Impact:** The project aims to improve the educational output of students in these institutions, In the context of Phase-I, the targeted schools are those where students lack primary educational facilities, especially in terms of basic sanitation. The Infra developmental works of the 7 selected schools are completed.

The Construction works at SIUPS perumathura & Beempally Govt Ups are ongoing and expected to be completed by March 2024.

WASH AREA

### School Praveshanotsavam

**Scope:** The Project aims to support more than 1000 students who belongs to the coastal and rural areas of trivandrum and kollam districts. We provided educational materials like, school bags,notebooks,lunch box, geometric box,pen,pencil and other stationaries.

**Geographical Location:** Coastal and Rural Areas of Thiruvananthapuram& Kollam, Kottayam

**Beneficiary:** The targeted population for the School Praveshanotsavam project by KHCSR includes more than 1000 students belonging to coastal and rural areas in the districts of Trivandrum, Kollam and Kottayam. All the supported students were truly belonged to the BPL families in the community.

**Impact:** We meet the project objective by providing necessary tools and opportunities to pursue their education effectively.These students are recipients of support through the provision of educational materials such as school bags, notebooks, lunch boxes, geometric boxes, pens, pencils, and other necessary accessories. Importantly, all the supported students come from Below Poverty Line (BPL) families within the community.

Shri. Ramesh Chennithala, MLA Harippad

Shri. V. Sivankutty  
Minister for general education & Labour

## Vidya

### Adequate Bench & Desks donation at Perumathura Govt Lps

**Scope:** As per the request received from the headmistress of Perumathura Government LP School, we donated 10 units of benches and desks to enhance the learning environment for the students.

**Geographical Location:** Perumathura - Thiruvananthapuram

**Beneficiary:** The students of the school.

**Impact:** Significantly improves the learning environment, providing essential infrastructure for the students and fostering a more conducive space for education in the school. This initiative aims to positively impact the students' academic experience and overall well-being.

### **Companies Act 2013- Schedule VII**

iv) Ensuring environmental sustainability, ecological balance, Protection of flora & fauna

### **SDG Goals**

» Goal 15 - Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

### “Harithaswarnam”

**Scope:** Rivers are the most important life supporting system of nature. There are 44 major rivers in Kerala. The Neyyar River is 56 km long river which flows through the Thiruvananthapuram district. It flows from the Agastya Mala (Agastyarkoodam) in the Western Ghats. River sand is mined extensively from the lower course of the Neyyar River, KIMSHEALTH CSR could Plant 1000 bamboo saplings at the banks of river Neyyar with the aim to conserve the banks of river on September 18 (World Bamboo Day) in associating with KYPC, with purpose of addressing the dual concern of the river bank, Inhabitants namely soil erosion and lack of ground water for drinking purpose.

**Geographical Location:** River Neyyar Thiruvananthapuram District

**Beneficiary:** The targeted population for the Harithaswarnam initiative by KIMSHEALTH CSR involves the ecosystem and community associated with the Neyyar River in the Thiruvananthapuram district.

**Impact:** Harithaswarnam under Haritham initiative significantly impacts the Neyyar River ecosystem and Thiruvananthapuram community by fostering environmental conservation and sustainable practices, ensuring the restoration and preservation of the river's health and the well-being of the associated communities. This program strives to create a harmonious balance between ecological vitality and community welfare in the Thiruvananthapuram district.

**SDG Goals:** Goal 15-Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Shri. V. Sivankutty  
Minister for general education &  
Labour

## Haritham

### KHCSR Tree Ambulance

**Scope:** The objective of Tree Ambulance is to coordinate environmental protection activities, plant saplings along roadsides and permitted areas, protect endangered trees etc.

KIMSHEALTH CSR Tree Ambulance was donated to the Kerala Youth Promotion Council which is an active organization in the field of environment protection for the past 15 years.

**Geographical Location:** All Kerala

**Beneficiary:** The targeted population for the Tree Ambulance initiative, operated by KIMSHEALTH CSR includes the residents of Kerala, India.

**Impact:** Tree Ambulance operates all over Kerala to resolve the problems of trees by tree guards, removing the nails and boards stuck in the trees, taking care of the tree, replacing and protecting the trees without cutting them down.

Tree Ambulance Flag off by P. Prasad - Minister of Agriculture

## Haritham

**Scope:** The objective of Project Haritham is to reduce the carbon emission in the atmosphere & to improve afforestation in kerala. KIMSHEALTH CSR distributed more than 1200 Bamboo Saplings to 118 govt & aided schools at Mattanur Kannur. The project was implemented as part of MLA's plans to make a carbon neutral constituency. The schools were given the responsibility of nurturing the plants through the nature club volunteers.

**Geographical Location:** Mattanur Kannur kerala

**Beneficiary:** Students community of 118 schools of Mattanur, Kannur.

**Impact:** The student volunteers were given training on the concept of carbon neutrality & the importance of reforestation on earth. This program not only enhances local ecosystems but also promotes environmental awareness and responsibility among students and the community.

Ms. KK Shailaja, Former Health Minister of Kerala,  
Currently Member of the Kerala Legislative Assembly (MLA)

## Haritham

### Urban fruit trees in Thiruvananthapuram schools

**Scope:** The project proposes to build small fruit forests in Thiruvananthapuram schools. Fruit trees, and medicinal plants are planted through this project.

**Geographical Location:** Trivandrum International School and Lecole Chempaka Kallayam

**Beneficiary:** Specifically focusing at Trivandrum International School (10 cent land) and Lecole Chempaka Kallayam (5 cent land) in Thiruvananthapuram city, includes the students, faculty, and staff of these schools.

**Impact:** Fruit forests enhance green cover, combat deforestation, and promote biodiversity by providing habitats for various species of birds, insects, and small animals.

Students can learn about the importance of trees, environmental conservation, and sustainable practices through hands-on experience in nurturing and maintaining the fruit forest.

## Haritham

### Irrigation Project at Chinnkanal Munnar

**Scope:** As per the request received from the Chinnkanal panchayat KHCSR supported the Muthuvan tribal community in ChinnkanalMunnar. There are more than 500 tribal people residing at a single kudi at chinnakanal panchayath named tank kudi. The scarcity of pure water during the summer season is a major concern. KHCSR team visited the place and as per the request received, we could provide drinking water through borewells. The Project was implemented under the supervision of the panchayath.

**Geographical Location:** Chinnakanal Tribal village Munnar

**Beneficiary:** The targeted population for the water support initiative in Chinnakanal, Munnar, led by KHCSR, includes the Muthuvan tribal community residing in Tank Kudi.

**Impact:** The initiative alleviates the significant concern of water scarcity during the summer season for over 500 tribal residents at Tank Kudi, enhancing their health, hygiene, and overall well-being.

## Haritham

### Jaivika

**Scope:** The project involves collaborating with Thanal, a reputable NGO in Thiruvananthapuram, known for its work in organic farming, waste management, pesticide-free food, and environmental activities. Jaivika is an initiative proposed by Thanal Trust to KHCSR to promote an organic farming and organizes activities, including a 5 km city marathon. This event holds significant value for both its noble cause and its positive brand association. Jaivika honored 16 organic certified local farmers recognizing their two-decade-long commitment as guardians of organic and safe food.

**Geographical Location:** Thiruvananthapuram

**Beneficiary:** The targeted population for the “Jaivika” initiative, proposed by Thanal Trust and supported by KHCSR includes individuals and communities in Thiruvananthapuram and the surrounding areas who are interested in and can benefit from the promotion of organic farming and a pesticide-free lifestyle.

**Impact:** The initiative aims to contribute positively to environmental sustainability, organic farming promotion, and community engagement through various planned activities.

#### **Companies Act 2013- Schedule VII**

vii) Training to promote rural sports, nationally recognised sports, paralympic sports and olympic sports

## Renovation of Valayimapura Munnar

**Scope:** Muthuvan is a tribal community in Kerala. The women among the that community will not stay at their home(kudi) during their menstruation time as part of their rituals. Valayimapura is the small building constructed by the government at the tribal ooru for the women to stay during their menstruation days. The present condition of that Valayimapura is in a dilapidated state. As per the request received from the Viripara company kudi, KHCSR team visited the place and decided to renovate the same. The work of the same has been completed and Ms Reshmi Aysha - CEO KIMSHEALTH officially inaugurated the same on 13-05-2023. As per the request received from the Mankulam divisional forest officer KHCSR is renovated 2 valayimapura's & 1 sathramat Singukudi- Mankulam Munnar and Ms Reshmi Aysha - CEO KIMSHEALTH officially inaugurated the same on 02-03-2023.

**Geographical Location:** Tribal villages/Kudis Munnar – Kerala

**Beneficiary:** The targeted population for the renovation of Valayimapura buildings, as undertaken by KHCSR is the Muthuvan tribal community in Kerala. Specifically, the focus is on the women of the Muthuvan community who observe rituals during their menstruation period.

**Impact:** The renovation of Valayimapuras for the Muthuvan tribal community in Kerala not only preserves their cultural practices but also ensures improved menstrual hygiene infrastructure, positively impacting the well-being and dignity of women.

Dist. Forest Officer Shri. Subash K.B

Bio degradable Sanitary Napkins were distributed in all Valayimapura's

Incinerators were installed in all Valayimapura's

## Support to Edamalakudi

Basic farming tools for Edamalakudi Adivasis (Also covered under Madhu initiatives)

**Scope:** Provide employment opportunities and support for livelihood through distribution of necessary tools and gadgets

**Geographical Location:** Idukki

**Beneficiary:** Adivasi Community of Edamalakudy

**Impact:** The project benefits more than 1000 Tribes of Edamalakudi

Shri. VU. Kuriakose IPS  
Idukki district police chief

Shri. Alex Baby DYSP Munnar

## Irrigation Project at Chinnkanal Munnar

**Scope:** As per the request received from the Chinnkanal panchayat KHCSR supported the Muthuvan tribal community in ChinnkanalMunnar. There are more than 500 tribal people residing at a single kudi at chinnakanal panchayath named tank kudi. The scarcity of pure water during the summer season is a major concern. KHCSR team visited the place and as per the request received, we could provide drinking water through borewells. The Project was implemented under the supervision of the panchayath.

**Geographical Location:** Chinnakanal Tribal village Munnar

**Beneficiary:** The targeted population for the water support initiative in Chinnakanal, Munnar, led by KHCSR, includes the Muthuvan tribal community residing in Tank Kudi.

**Impact:** The initiative alleviates the significant concern of water scarcity during the summer season for over 500 tribal residents at Tank Kudi, enhancing their health, hygiene, and overall well-being.
